## HEARD IN RICHMOND

## How Bad Backs Have Been Made Strong—Kidney Pills Corrected.

All over Richmond you hear it. Doan's Kidney Pills are keeping up the good work. Richmond people are telling about it—telling of bad backs made sound again. You believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Richmond citizen's advice and give Doan's a chance to do the same thing for you.

Mrs. L. H. Todd, 128 Big Hill avenue, Richmond, Ky., says: "I felt run down and in need of a kidney medicine when I heard of Doan's Kidney Pills. I got a supply at Middleton's Drug Store, and they made me feel better and stronger in every way."

Mrs. Todd is only one of many Richmond people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Todd had—the remedy backed by home testimony. 50c at all stores. SENIOR BRADLEY'S SUCCESSOR.

The death of Senator Bradley makes it necessary that another be chosen in his place. Under the law the Governor may appoint his successor to serve until the regular election in November next. At that time two Senators, as nominated in the August primary, are to be elected, one for the short term filling out Senator Bradley's term until March 4, 1915, the other for the long term of six years from March 4, 1915. As to the long term the race is now on, Governor McCreary, Congressman Stanley and ex-Governor Beckham being the Democratic candidates in the August primary. Who will be candidates for the short term is not yet known, a number of good men having been spoken of. The principal interest now seems to center on who the Governor will appoint. It is generally conceded that his appointee will be a candidate (to succeed himself) for the short term. Among those mentioned for the appointment are ex-Congressman David H. Smith, Hon. Johnson N. Camden, Judge Allie W. Young, Thos. D. Osborne and possibly others. The Climax suggests the name of Hon. W. B. Smith, of this city. It would be a nice thing for the Governor to appoint him, a man from his own county. The appointment would be an honor richly deserved and rightly bestowed and would meet the hearty approval of a united Democracy in this county as well as many of the rank and file in every county in the state and would be approved by all who may enter the race for either the short or the long term at the November election for the reason that Mr. Smith will not be a candidate in that contest. He is a consistent Democrat and has always been. Although somewhat advanced in years he is as vigorous in mind and body as a man of forty. He has fought for Democratic principles in every campaign in his county and State for the past forty years and in many of the National battles of the party. He is a clean man, clean morally and politically and would be an honor to his county and to his State. Mr. Smith has made no effort to secure the appointment although many of his Democratic friends have volunteered their assistance. He is an exceedingly modest man, has always been too modest to push himself forward. With the exception of one term as Representative of the county in the Legislature, he has never held office. In 1896 he was one of the Presidential electors, made a canvass of the State and there is but little doubt that he saved the State for Bryan and Democracy, as his was the only electoral vote in the State for them.

Announcement has been made, however, that the Governor has decided to appoint on June 16, Hon. J. N. Camden, of Woodford county. Mr. Camden has the laudable ambition to be Senator, his father having served in a similar capacity several terms from West Virginia. If appointed by the Governor he will serve until the November election, will then

be a candidate (to succeed himself) for the short term until March 4, 1915. Mr. Camden is an excellent man, a good citizen and a man of large wealth, but we fail to see that he is the best available Senatorial material. If the Governor's personal interests are to dictate the appointment then it is an excellent one. He would make a splendid running mate for the Governor, the one for the long term, the other for the short. Col. Bennett H. Young, of Louisville, is not an appointee for the appointment but has announced that he will be a candidate before the people for the short term. Others will no doubt enter the race. We are for the nominee whoever he may be.

## Land, Stock, Crop.

(Continued from Section 2.)

Jacob Myers, near Stanford, has 31 ewes with 46 lambs.

Buyers in Woodford county are offering 7c for lambs for June delivery.

Black & Moberly shipped Saturday a carload of hogs bought of local parties. They will ship to more carloads this week.

Boggs Brandenburg and Larue Dueron shipped Monday of their own raising a carload of lambs. They were extra good, averaging 80 pounds.

Mr. Carson, manager of the stock yards, reports 1000 cattle on the market and all sold at \$7.50 to \$7.75. Five hundred sheep, all sold at an average of \$3 per head. Market was brisk. Good rain in afternoon gave farmers and traders good cheer.

At Versailles court the offering of stock was light. Auctioneer Bond sold 2 mules at \$110 and \$115, a mare and a mule colt for \$135 and a pony for \$102. Some lambs were engaged for delivery in June and July at 7c.

Powell & Depp, of Mercer county, have 53 living lambs from 34 ewes, which is remarkable. They have engaged their lambs for June delivery at 7 1/2c a lb. Can you beat this price?

At Winchester last county court there were about 1,000 cattle offered, but few changed hands, the best price offered being 7 1/2c. The outlook for a drouth and shortage of grass seems to have retarded the market. There were few hogs and sheep on the market, with buyers equally as scarce. Mules sold slow, a few changing hands at \$400 to \$500.

About 1,200 cattle on the market at Mt. Sterling court day; quality fair and sold high. A bunch of 21 light steers sold at 8 1/4 and later were disposed of at an advance of \$1 the head; another lot of 16, about 650 pounds, sold by the head, and the mountain trader remarked: "I got full 9c for them." One man had a bunch of nice 300 to 350-pound calves, for which he refused an offer of 10c. He asked \$45 a head for them. Heifers sold at 7 to 7 1/2c; cows at 6 to 6 1/2c; bulls at 6 1/2c.

Free Exhibition.

A swimmer of national reputation will give a free exhibition at Valley View Sunday about 3 p. m. for the entertainment of friends. ## Life in The Country--How To Overcome its Disad- vantages.

These words have been worn so very threadbare that we fail to take in their meaning or to be moved by them. But if country life could be properly organized, the most helpful task in our world will have been done or begun, for it is a lifetime process, like all other normal growths, that will never end.

Country life consists of more than eating, sleeping and working. There are leisure hours for most adults on Saturday afternoon, Sundays and holidays, after 8 o'clock at night and for several hours daily in winter. Most children have much more leisure than this, and it is during these hours that companionship is especially needed.

The work may be hard and irksome, and may bring very meager financial returns, but it is no more monotonous than the work in any other vocation. As a matter of fact no other work in all the world can be more interesting or so all-absorbing as farming by modern methods; and when properly done, is sufficient to be attractive. It is not the work so much as it is the unsatisfied cravings and the dreariness of the leisure hours, that which annually drive multitudes of our boys and girls from the country to seek new homes and broader companionship in more populous communities.

The sentiment seems to be everywhere anything but this. How can I get away from it? But our National welfare requires that this point of view be changed; that instead of seeking opportunities to leave the country, people will ask--"How can we overcome these disadvantages and make the conditions so attractive that we shall be glad to stay?" For it is certain that country-life existence depends greatly on a rural population that is numerous, contented and prosperous.

Indeed, we are on the very threshold of better methods of agriculture, better business methods and more co-operation will relieve the situation, while a quickened church, improved schools and a richer and more inspiring community life will lessen the suffering from isolation. No important is the matter of organized recreation that it must be taken up by the rural church, the school and by clubs and associations.

A splendid example is set by the country work department of the Young Men's Christian Association, whose secretaries are entering heart and soul into the movement, with most encouraging results. We are beginning to sense education's value. The sordid and deadening in farm life is pretty sure to continue until the school shall be able to supplant it with a larger outlook on life, brought about through the introduction of many home conveniences for women and modern labor-saving appliances for men.

The school will have to speak through the children, demonstrating that the farm community can have the use of almost all modern conveniences now found in the city. But more than this, the work of the school is to infuse into the old tasks a new interest, sprung from a union of heart and hand. This contemplates manual training for boys and domestic science for girls. The purpose may be stated thus: the recognition of the beautiful as well as the practical in material creation, to the end that farm life may become more attractive and more beautiful and better worth living. Promoted by these organizations, when properly taught, will put our people and their environment in better condition and prepare them for leadership, which is necessary before the great problem of life in the open country can be satisfactorily solved.

A Hoosier Cabinet makes a Model Kitchen

## Why Do 700,000 Women Own Hoosier Cabinets?

When you know that 700,000 women use Hoosier Kitchen Cabinets three times every day, doesn't it suggest to you that you need this drudgery-saver in YOUR kitchen?

Figure it out to yourself this way: Would they have bought these cabinets without convincing themselves that they SAVE MILES OF STEPS and hours of time? Would so many have bought them at all if users hadn't told others and thus influenced their friends to buy them.

Since this means that more Hoosier Cabinets have been sold than all other 128 makes of cabinets combined, isn't it proof enough that the Hoosier is the best cabinet on the market?

When you see how the Hoosier groups four cupboards around a large metal table and places 400 articles at your fingers' ends so you can sit down and work--AND REST while working--you'll want one of these "White Beauties."

Come pick one out today.

**"What God Hath Wrought."**

The other day, in New York, a man played a phonograph in a room beside the transmitter of a telephone. The record used was that of a song ending in a jolly laugh.

Music and laughter were heard in a room in Philadelphia, 100 miles away, aboard the steamship North Star, distant 60 miles at sea, and also aboard the steamship Antilles, 55 miles out.

There are wires between New York and Philadelphia, but this communication of uncorked music, with its finale of rollicking laughter, did not pass over any wire. There are wires from New York across the Atlantic, but they are fathoms beneath the hulls of the ships that plow the briny deep.

Though wonders nowadays happen in such rapid succession as almost to lose the power of challenging our attention, the date of this extraordinary feat seems worthy to be remembered. Take down your wall calendar and put a circle around May 13, for the wireless telephone of Marconi demonstrated its success beyond the possibility of doubt.

# CHAUTAUQUA SPECIAL FROM CHICAGO TO THE SEABOARD

PARTY OF EIGHTY-FOUR ON THE SECOND ANNUAL TOUR IN DE LUXE TRAIN.

## CROWDS' GREETINGS GREATER THAN LAST YEAR

Lookout Mountain and Other Historic Spots Are Seen En-route. Reception at Charleston, S. C., Includes a Launch Ride to Old Fort Sumter.

From Chicago to the Atlantic seaboard, through Southern battlefields and down to historic old Fort Sumter, lay the route of the second annual Redpath Chautauqua special train, season of 1914. This train left Chicago at 7 o'clock Monday night, April 27, with 84 Chautauqua enthusiasts on

of the Lyceum Magazine, Mr. and Mrs. Wm. F. Van Buskirk, Dr. J. W. Shedd, Mrs. Edward Amherst Ott and daughter Margaret, F. E. Flisk of Richland Center, Wis., J. P. Young, Ralph Dunbar. A journey 40 hours long seemed quite brief in view of the happy congeniality of those who enjoyed it.

board bound for Charleston, South Carolina. Through Illinois, Indiana, Kentucky, Tennessee, Alabama, Georgia, North and South Carolina, on the lines of a quartet of railways, it sped and at noon of April 29 the party reached its destination.

All along the historic route great crowds greeted the Redpath talent and

The first night saw the special through the Central States. Breakfast was taken at Nashville, Tenn. An hour later a brief stop was made at Murfreesboro where the new year, 51 years ago, was ushered in with the notable battle which made Stones River famous in national history. boosters. Many stops were made and in every instance the enthusiasm was gratifying. Heralded by newspapers and handbills, the populace at each stop responded splendidly to the band concerts and other impromptu features.

The trainmen caught the Chautauqua spirit. From engineer and fireman to brakeman and porter, Chautauqua hats were in evidence. All down the line the red and green Redpath souvenir caps made a big hit.

Included in the party which left Chi-

people. From the hotel veranda Prof. Fitzgerald of the Tullahoma schools welcomed the Redpath delegation to this busy little city and a happy response was made by Chas. Varney. The Cathedral Choir sang a national melody and Kryl's band played to the delight of the populace. A group of school boys enlivened the occasion.

"I could scratch myself to pieces" is often heard from sufferers of Eczema, Tetter, Itch and similar Skin Eruptions. Don't Scratch—Stop the itching at once with Dr. Hobson's Eczema Ointment. ended the occasion still further with cheers for Tullahoma and Redpath. And then came interesting Chautauqua, at the base of Lookout Mountain, Orchard Knob and Missionary Ridge. "The Battle Above the Clouds" was recalled interestingly as the special wound its way along the

foot of the gigantic hills. Secretary Tevebaugh of the Chautauqua Y. M. C. A. had arranged a complimentary auto trip for the visitors—an exceedingly interesting drive about the city. In front of the James building the band played Southern tunes as hundreds cheered from skyscraper windows and crowded streets.

One of the best features of the first afternoon was a yacht trip given the

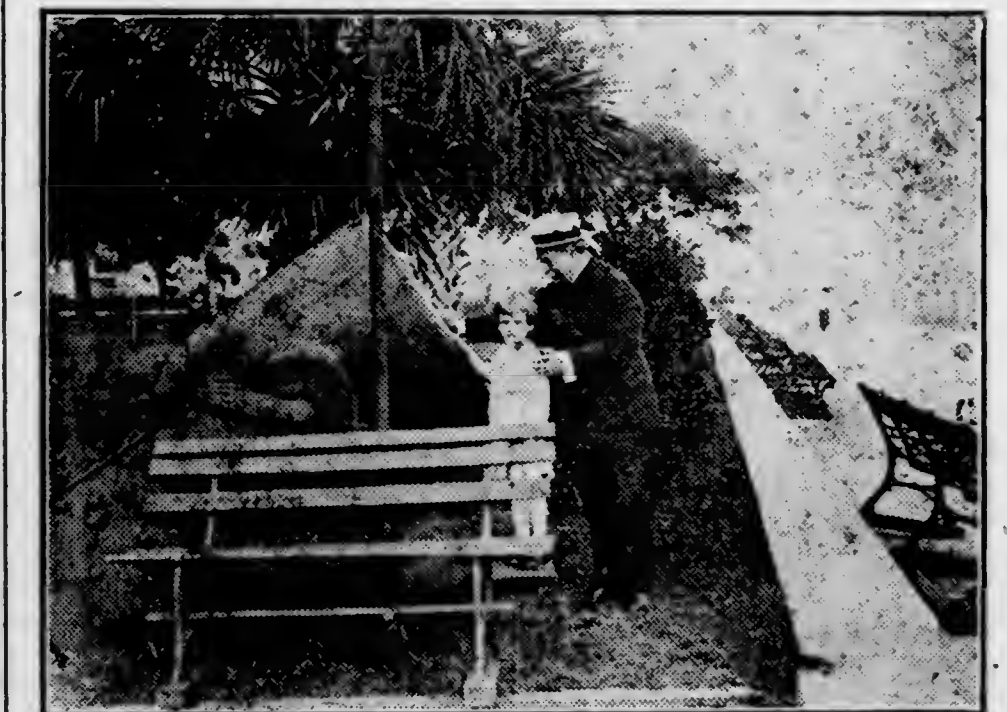

A merry welcome at Cleveland, Tenn.

At a delightful hour in the afternoon the day almost spent, the special halted in Cleveland, Tenn., and there the greeting was three times rousing. Secretary C. W. Voak of the Cleveland, Tenn., Board of Trade, and other good Chautauqua boosters, made the stay here most enjoyable. Autos carried the party for a tour about the city. The crowd was immense, hundreds hanging from second and third story windows to catch the Kryl mel-

Redpath party by W. C. Wilbur, prominent business man of Charleston. Out past Fort Sumter and around interesting points of the harbor the party was taken and, with the cool ocean breezes blowing deliciously, the boat pulled up just in time for a bounteous Southern dinner. On the following day the street railway company furnished a special car for a tour of the city's points of interest.

odies. The streets were thronged to their capacity and scores followed the Redpath boosters back to the railway station.

The Centenary Seminary girls at Cleveland fully caught the Redpath spirit when Kryl's band played on the college campus. They were supplied with Chautauqua hats and pennants. Later the party drove back to the city square and gave a second brief concert.

The special was too speedy for the flagman in charge out of Cleveland. He was left at the switch. At the next stop the train halted and soon the missing trainman came in on a railway velocipede. The crowd on the observation platform gave him a warm reception.

Knoxville was reached in the evening and at 10:30 p. m. at Morris-Town, Tenn., a huge crowd had been waiting for more than an hour for the arrival of the Redpath boosters. The special was well received and although the opening day of the Morristown Chautauqua was a month away, much

## DEATHS

James Howard Boggs died suddenly at his home near Logan last Thursday morning, May 25, of apoplexy. Mr. Boggs was apparently well, ate a hearty breakfast and was preparing to leave home for the day. He suddenly complained of suffering with his stomach and went into the house and sat down on a couch and died in a few minutes.

The deceased was a native of Madison county and was born July 9, 1836. He moved to Jessamine county about 20 years ago. Mr. Boggs was a Confederate veteran, having served creditably under Gen. John H. Morgan. He is survived by two sisters, Mrs. Dudley Miller, of Missouri, and Mrs. James Boen, of Kingston, this county, and by seven children—E. C. and Otis Boggs, of Jessamine county, W. H. Boggs, of Lexington, Rolfe, of Dayton, James H. Jr., of Cincinnati, Mrs. Myrtle Colson, of Lexington, and Mrs. Guy Martin McElvin, of Detroit, Mich.

His remains were brought to Richmond and laid to rest beside those of his wife, who died several years ago. His wife was a sister of Mr. W. W. Pige, of this city.

At her home near Panola. Mrs. Mary E. Woolery passed away on May 25th, in her 79th year. She was the widow of John Woolery and a daughter of the late Wm. Overton Maupin. She made her home with the family of her son-in-law, John Dalton. She is survived by one son, Wm. R. Woolery, a merchant at Panola. Three daughters died in their early married life. Several grandchildren and great-grandchildren also. One sister, Mrs. W. C. Todd, of Brassfield, and three brothers—C. H. Maupin, of near Moberly, C. C. Maupin, of Greenwood, Texas, and Wm. M. Maupin, of Decatur, Texas, also survive her. She lived a beautiful Christian life and to know her was to love her. She has well earned the rest that remains to those that love the Lord. She will be sadly missed by her family and friends.

W. T. Hall, 77 years of age, died at his home at the junction of Crutcher pike with Tates Creek pike, Sunday, May 31, of pneumonia after a week's illness. Mr. Hall was a native of Estill county, but moved to Madison about 30 years ago where he has since resided. He was a good citizen, well thought of by his neighbors and those who knew him. He leaves a wife and five children. Funeral services by Rev. Owen Young were conducted at his home yesterday morning, thence his burial in Richmond cemetery.

The sympathy and thoughtfulness will never be forgotten and will ever be a source of comfort and strength to me. Yours sincerely, Henry Evans. 32-1f

**Negro Killed—"Booze" The Cause.**  
Last Sunday, a negro, named John Roe, 40 years old and full of "booze," got on the railroad track at Winchester, and before assistance could be rendered a train struck him, cutting off both legs. He was taken to Red House, and upon arriving there, was found to be dead. 42-2t

**Wills Probated.**  
The will of Mrs. Mollie Downey Stockton, late of Waco, was probated Monday. She left her property, consisting of house and lot and Bank stock, to Mrs. Rhoda Embry, of Waco, and W. Embry Downey and Ben Ogden Downey, of Paris, children of the deceased brother, Dr. Wm. Downey.

The will of Alexander Shaw, sexton of Richmond Cemetery for many years, up to the time of his death, was also offered for probate Monday. He left all his property to his wife, Mrs. Elizabeth Shaw.

**Fish Fry.**  
When the telephone bell rings and a voice at the end of the line asks you to come out in the country and eat fish and corn bread, can a town man say no? I guess not, especially when mine host is Mr. Mike Enright. This was the invitation extended to about twenty of Mike's friends late last Thursday. On Friday morning, after seining his pond, or watching others do it, we spread our table under a large sugar tree, whose branches nature had so interwoven as to make a sun-proof roof. With fish from the water to the frying-pan, hot corn bread hot coffee and cool breezes on the side, the worries of business were forgotten. We left refreshed and happy, all unanimous in our praises of a grand treat.

**We Don't Know,**  
But we are going to look in McKee's window and so must you. They say it is worth a look, maybe two!

**Comes to See Us Occasionally.**  
Mr. Wm. Bryan, of Russellville, the veteran excursion agent of the L. & N., drops in on us now and then and always comes unannounced, but is given a welcome just the same. He dropped in on us one day last week. He was here arranging the details of the excursion to Mammoth Cave on June 18. Mr. Bryan gives his entire time to the excursion department of the L. & N. and covers the entire system. He is now serving his 25th year in that capacity, is a veteran in the service and a past master in the art of taking care of his excursionists and arranging every detail for their comfort.

**From Gloom to Smiles.**  
Monday morning the usual court day crowd, farmers, traders and others, came to town with gloom on their faces and were met by townspeople with equal gloomy countenances, the cause of which was the continued absence of rain. But soon after noon smiles of the broadest variety took the place of gloom. Everybody wore smiles all over their faces, for a good rain fell for over 30 minutes, and was followed by more at intervals during the late afternoon. Several points in the county have been heard from and the rain, which was a very heavy one at this point, appears to have been general. Gardens, meadows, tobacco plants and strawberry beds were suffering, though corn was not greatly, if at all, in need of rain.

**Wanted.**  
Lady to take charge of office in private institution. Apply at Climax office. 42-1f

**Two Steers Died.**  
Mr. T. E. Baldwin lost this week two valuable export steers. One was found dead in the pasture Sunday and another was killed by lightning Monday. They were worth about \$100 each.

**Meeting at Red House.**  
The meeting at Red House continues with much interest. Rev. Clark preached a wonderful sermon Sunday night to a crowded house, his subject being: "Sin—Its Effect on Mankind." There will be preaching every day and night throughout this week, at 10 a. m. and 8 p. m. Come and hear this man of God. W. M. Williams, Pastor of church.

**Almost a Serious Accident.**  
Mrs. W. F. Park, who resides on the Jacks Creek pike, a few nights ago while attending to her household duties, inadvertently stepped into a cistern, which is in course of construction. She fell about six feet and was considerably bruised. Her cries brought her husband to the rescue. Fortunately she is not seriously wounded.

**Correction.**  
Mr. A. English, of the English Store Co., of Lee county, was in this city last week. He says the report that an explosion in his quarry, as reported in some papers, did occur, but that no one was hurt. It was reported that several lives were lost. This, he says, is not true. Mr. English asks that we make the correction. The item which created the false impression was not published, so far as we recall, in any Richmond paper; certainly not in the Climax.

**City Assessor Bybee is Ready.**  
City Assessor E. H. Bybee informs us that he has completed the assessment and that his books are ready to turn over to the supervisors. Messrs. Lyman Parrish, L. T. Wilson and Geo. W. Trim Deatherage, who will meet one day this week, or early next week, and begin their work. If any one has given in his property too high or too low, go before the supervisors and rectify the error. Don't fail to be summoned.

**Big Deal—Richmond Men in It.**  
Messrs. H. B. Hanger and L. B. Weisenberg have bought at Middletown, O., the plant of the Middletown Artificial Ice Company, with a capacity of 80 tons daily. Enterprising men like Messrs. Weisenberg and Hanger never do things by halves. They look after big deals. This one involves an outlay of about \$50,000. Mr. Weisenberg will be manager of the plant, dividing his time between it and his business in this city.

**Go To Louisville For Inspection.**  
Company M, First Regiment of Richmond, led by Captain W. S. Broadus, went to Louisville for inspection Friday, and returned Saturday evening. Twelve Companies and a Regimental Band met at the U. S. Armory and were drilled for five hours and reviewed by the high military officers. Governor McCreary was present, reviewed the soldier boys and made a speech. The local regiment is a new one, but our 'boys' passed with as much credit to themselves and Captain Broadus as did the long drilled ones. There were forty-five members in the Richmond Company, and it was said to be the best groomed company at Louisville. Captain Broadus said the Louisville boys "had nothing on our soldier boys." He is very proud of them, and justly so.

All kinds of fresh vegetables. Lackey & Todd. Phone 62. 32-1f

**The Town Was Flooded.**  
The heavy rain Monday afternoon did much damage in the country by washing soil from the hillsides and in some parts of the county corn and wheat were greatly damaged by washing. In town, streets were flooded, water flowing over pavements and in many cases entering the houses. In some instances residents had to move out. The main trouble was because the culverts, drain pipes, etc., were filled up with trash and could not allow the water to pass off. It appears that we have a street commissioner, whose powers of observation are not very acute. He never sees anything wrong until the next day, after everybody else has seen it and all the damage has been done. We suggest that occupants of property watch their sewerage and drain pipes and call the attention of the street commissioner to the defects, or better still, that they clean them out themselves.

**CARD OF THANKS.**

At the regular meeting of Normal City Lodge, No. 102, Knights of Pythias, on Thursday night, the following was unanimously adopted:  
We desire to tender our thanks to the people of Richmond and Madison county for their liberal patronage and kindly expressions and hearty approval of the Littlejohn Carnival Co., which was held during the week May 18-24 under the auspices of the Knights of Pythias Lodge. Likewise, we thank Col. John P. Littlejohn for the splendid manner in which the exhibition was conducted, for his kindness, generosity and liberality, and take pleasure in commending him to any community as an honorable and upright gentleman. We thank the Manager of Pioneer Ball Park, the county officials, the mayor and city council, the police department, the local papers for notices, and especially The Climax for its two splendid write-ups, and each and all who contributed to our success. We also want to compliment (?) the Kentucky Utilities Company, which furnished the light, for "burning" us. Last year the charges for lights were \$17, this year they were \$60—and no more lights. It was a hold-up, and we don't hesitate to say so. There is something "rotten in Denmark," and the people of Richmond should be on their guard against such "bleeding" process. Again we thank the people for their liberal patronage and good wishes.

Signed:  
FRANK LESLIE RUSSELL, P. C., On behalf of Normal City Lodge, No. 102, Knights of Pythias. RICHMOND, KY., May 28, 1914.

The annual meeting of this Association was held in the court house in this city Monday last. A large number of the members were present. Election of officers resulted as follows: J. D. Chenault, president; W. N. Burgess, 1st vice-president; Samuel Woolridge, of Woodford county, 2d vice-president; J. W. Maupin, secretary and treasurer. Evan Tevis, of Waco; Wm. Million, of Millington; James Kanatzar, R. D. 4, Richmond; Thomas Land, of Rutledge; Harris Crooke, Richmond; Barney Stone, of Athens, Fayette county; C. C. Maupin, Richmond, R. D. 2; P. J. Burgess and J. D. Chenault.

The hunting grounds in 1913 were at Oil Springs, Clark county. This Association is a sort of glee club, composed of the most substantial men, who enjoy the fox chase as a recreation. The membership is now several hundred strong, embracing the counties of Madison, Fayette, Clark, Woodford, Lincoln and Garrard, and possibly some others. Their annual fox hunt, which is always a notable event, and becoming more so each year, is held every fall and is enjoyed by not only the members, but always by a large number of invited guests.

**BRASSFIELD.**

We noted last week the serious illness of Mrs. Mary Woolery, who has since passed to her reward. Her remains were laid to rest in the Red Hill Cemetery, where a host of friends and relatives gathered to pay their last respects. She was the daughter of John Woolery, who died many years ago. She is survived by three brothers, one sister and one son respectively, Mr. Kit Martin, Mr. C. S. Maupin, Mrs. W. C. Todd, and Mr. W. R. Woolery, of Panola. We extend our sympathy to the bereaved family.

Mrs. Sarah Golden, who has been very sick for quite awhile, is much better. Her daughter, Miss Sallie Golden, who is quite a good nurse, has been at home in close attendance during her illness.

We are informed by Dr. Coomer that Mrs. Houston Sewell, who has been seriously ill, is convalescing.  
Mr. Dock Moberly and wife, of Heidelberg, are visiting his father, Mr. J. W. Moberly, of this place.  
Bro. Martin, who is stirring the farmers to a sense of their duty in this neighborhood will give another lecture at Viney Fork church at Speedwell, Sunday, at 3 o'clock p. m., on a very interesting subject. Everybody invited.  
Prof. Martin says there are only two real farmers in this section: They are Messrs. J. W. Hord and Harris Brothers. We have had the pleasure of visiting these two farms recently and we will say, "amen!" to the assertions of Professor Martin. The rest of our little farmers around here look like they were worth about thirty cents. Mr. Tevis Rayburn says that if he had some money and energy enough he would show the public what kind of a farm he would have. It seems to us that he ought to have plenty of the latter, as he never was accused of spending any.

**BEREA.**

Miss Gertrude Todd, of Brassfield, is visiting the Misses Lowens here this week.  
Mrs. Dr. Mahaffey and two children, of Sturgeon, are visiting friends here and will remain for the commencement, Wednesday.

A party of young people enjoyed a drive to Mallory Springs Sunday. They report a fine time, with plenty of good water.  
Miss Daisy Spence, who has been nursing in Drs. Cornelius' hospital at Fleming, Ky., returned home for a visit Saturday.  
H. R. Prather is in town this week. The rain on Monday was much needed and the farmers are greatly encouraged since its arrival.  
Miss Stanley Hackworth and sister, of Irvine, are visiting friends in town this week.  
Misses Fannie and Ivy Bagby, of North Carolina, are visiting their brother Wesley, who will graduate this year at Be-

**UNION CITY.**

The singing school which is being taught by Prof. G. L. Waterbury, began Monday night last with a fair attendance.

All the farm and garden crops are very much revived since the splendid rain of Monday and tobacco plants are being set out by all the farmers.  
A large number of young folks attended Children's Day at Doyleville on last Sunday and after the exercises they repaired to the home of Mr. and Mrs. Walter Brock, where a sumptuous dinner was served and they spent a delightful afternoon. The following were present: Misses Mary Harris, Cora Dunbar, Laura Waller, Mary and Stella Cosby, Annie Hamilton, Hallie Parks, Louisa Risk, Nannie Dunn, Lillian Dozier, Nell Lanter and Martha Sharp; Messrs. Arthur and Unlan Cosby, Caleb and Andrew Turpin, Arbor Sharp, John Adams, Ernest Harris, Jas. Parks, Leslie Parks, J. Lanter, Robert Thomas, Thos. Tip-ton and Park Shelton.

We are sorry to note that Mrs. J. R. Dunbar continues very ill.  
The past warm, dry days supplied R. E. Miller with an excellent blacksmith trade.

"Uncle Tom" Harris, who has been very ill for some days, is, we are glad to say, improving.

Col. T. B. Demoree and Mrs. Ida Glass, of Wilmore, were the guests of Mrs. Ophelia McKinney last week.

Mr. and Mrs. W. O. Hayes and Hamilton Lot, of Berea, were the guests of Mr. and Mrs. Archie Dunn on last Sunday.

**Our new rugs will please you.**

Dear Amy: You ought to see Jane's new rugs. She has bought elegant ones for the whole house and is as happy as a queen. I do think that good, tasteful rugs give any home an air--and nowadays with the elegant French and American ones and the artistic Oriental designs to choose from, there is no excuse for any woman not to buy pretty rugs. Baby John has crawled on some of my rugs until they are shabby, so I'm going to get new ones.

Good bye, Lou
